The recently concluded investigation regarding your simultaneous participation in the Alberta Health Clinical Services Assistant Program and the Saskatchewan International Physician Practice Assessment Program while providing inaccurate and misleading information to Alberta Health Services has led the Council of the College of Physicians and Surgeons of Saskatchewan to conclude that your actions in this matter have not been consistent with the high standards of ethical practice and behaviour that are expected and required of physicians.

The Council is mindful that your previous record has been unblemished and is hopeful that this incident reflects a solitary episode of poor judgement that will not be repeated. Council expects that you will reflect upon this reprimand and in future practice reflect the ideal moral and ethical behaviour of physicians.
