

I, Dr. Sylvester Ukabam, undertake to the College of Physicians and Surgeons of Saskatchewan as follows:

1. I will not have any in-person professional encounters with female patients except in the presence of a female practice monitor;
2. I will not conduct any physical examinations on any female patient, nor will I undertake any procedures which require physical contact with female patients;
3. I will ensure that any person who I ask to act as a practice monitor has signed the undertaking in the form attached and I have provided a copy of that undertaking to the College before that person can act as a practice monitor.
4. I will ensure that any person who acts as a practice monitor will comply with the terms of that person's undertaking.
5. I will post a clearly visible sign in any location where I see female patients, other than in Saskatchewan Health Authority facilities, that states that I will not see female patients without the presence of a female chaperone;
6. This undertaking will remain in effect until:
 - a) The College has completed all proceedings with respect to any investigations of unprofessional conduct that are underway. Without limiting the foregoing, that will include the 4 matters of alleged inappropriate sexual contact with a patient and the matter of alleged sexual harassment in the workplace that are currently under investigation; or
 - b) I have given 30 days' notice in writing to the College withdrawing from this undertaking.
