

I, Dr. Solomon Vaska, in consideration of the Executive Committee agreeing to accept this undertaking as an alternative to a hearing before a competency hearing committee agree as follows:

1. I hereby irrevocably agree that I will not practise medicine anywhere in the world in future, other than a surgical assistant as set out below;
2. I hereby irrevocably agree that I will not at any time in the future seek a licence to practise medicine in any province of Canada or any other location in the world;
3. I will only practice as a surgical assistant in a facility operated by a Regional Health Authority in Saskatchewan;
4. I acknowledge that should I breach any of the terms of this document, the College of Physicians and Surgeons may proceed with a hearing arising from the competency assessment which was performed by the College. I agree that should that occur, I will not raise any **Charter**, procedural or delay arguments to attempt to prevent the College from so doing. I further acknowledge that I am aware that, should I breach any of the terms of this document, I may be subject to further disciplinary action by the College of Physicians and Surgeons;
5. I acknowledge that the terms of this undertaking will be available to the public and the College may publicize the outcome of my competency proceedings in a similar fashion as it publishes final decisions related to disciplinary or competency proceedings involving Saskatchewan physicians.

DATED this 30 day of JUNE, 2016

Dr. Solomon Vaska
